

Spray Tank Maintenance

ANTI-FOAM

Defoaming Agent

“A dual action foaming agent that eliminates the foam and keeps it from coming back”

A concentrated blend of surfactant agents that provides two modes of foam control: add to tank first to keep foam from forming or add to tank to knockdown existing foam.

Pack Size: 12 x 1 quart case

Rates: 1 -2 ounces per 100 gallons of water

TANK CLEANER

Eliminates Tank Residue

“Advanced cleaning properties for optimum pesticide residue removal”

A liquid tank cleaner designed to remove pesticide residues from spray tanks at low usage rates with corrosion inhibiting properties.

Pack Size: 4 x 1 gallon case

Rates: 1 quart per 100 gallons of water (400:1 dilution ratio)
