

# The solution to enhance water penetration through injection.

**Perk** is specifically designed to allow mixing with high concentration fertigation.

- Reduces surface tension, improving water infiltration.
- Safe to use in fertigation.
- Highly cost-effective on acreage applications.
- Not recommended for spray programs.

Consult your AmeriTurf representative for specific recommendations.

## Active Ingredients

Surfactants (proprietary blend) ..... 20%

All ingredients are exempt from tolerance under 40 CFR 180
