

# Speed Establishment And Root Mass

**Component Starter** provides a well balanced, high P, soluble carbon nutrient solution to build root mass and improve establishment.

- Provides immediate and available nutrition for quick establishment.
- Enhances root mass and development improving nutrient uptake and efficiency.
- Carbon-based nutrition for microbial activity, nutrient support and increased availability.

Boosted by **RLS**

**Use Rate:** 1-6oz/1000 sq. ft  
1qt-2gal/Acre

**Pack sizes:** 2 x 2.5 gal, 55 gal drum

### Turf Spray Application:

Apply to greens where additional Phosphorus is desired early season or during seed, plant establishment. Excellent carbon based product for enhanced establishment and root mass. Apply at seeding, sprigging and during establishment phases to speed maturity and increase root mass. Apply as needed every other week to achieve desired results.

*Consult your AmeriTurf representative or agronomist for application recommendations for your specific needs.*

### Guaranteed Analysis

## 8-12-8

Total Nitrogen (N).....	8.00%
7.50% Urea Nitrogen	
0.50% Other Water Soluble Nitrogen	
Available Phosphate (205) .....	12.00%
Soluble Potash (K2O) .....	8.00%

Derived from: Urea, protein hydrolysate, monopotassium phosphate and potassium hydroxide

pH 6.07
