APPLICATION RECOMMENDATIONS

IQ Inject™ is effective as a direct foliar application or fertigation type product. May be tank mixed or injected with other fertilizers or agricultural chemicals after conducting a jar test for compatibility. Always treat a small test area with any experimental blends to determine potential phytotoxicity before making general applications.

TURF SPRAY APPLICATION: Apply 1 to 6 ounces of IQ Inject™ per 1,000 sq. ft. every 7 to 14 days in at least 1 gallon of water. Apply only as directed.

SHAKE WELL BEFORE USING

WARNING: Product contains boron. Use of this fertilizing material on any crops other than those recommended, or boron sensitive crops/plants, may result in serious injury to the crop(s). Use only according to manufacturer's directions.

HAZARD STATEMENTS

May damage fertility or the unborn child.

Danger

PRECAUTIONARY STATEMENTS

Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. IF exposed or concerned: Get medical advice/attention. Store locked up. Dispose of contents/container in accordance with local/ regional/ national/ international regulations.

STORAGE INFORMATION:

Should be stored in a climate controlled environment between 50-90° F. Failure to follow storage guidelines may lead to crystal formation or product degradation.

For Commercial Use Only.
